The President

Rodino Bill

As agreed in our phone conversation yesterday, we have forwarded the attached letter to Congressman Rodino (with a blind copy to Mr. Kline) over Rodney Smith's signature. It differs from the original draft (see our FC-4935 of March 3) only in eliminating General Smith's offer to come to Washington personally, if desired, since in view of Mrs. Smith's illness we did not want to commit him to such a trip. However, some other representative of FE or RFE can be sent down if either Congressman Rodino or Congressman Feighan would like to discuss the matter further.
